General tutorial https://www.youtube.com/watch?v=eYJh5k8VQKo

1. make sure you use correct upgrade package folder according to your theme version. How to check theme version https://iqitcommerce.ticksy.com/article/10034/

2. it is mandatary to use it on 1.7.8.x, it will not work on older version !!! IMPORTANT !!! - if you have older Prestashop version please upgrade to 1.7.8.x first

Revolution slider upgrade

1. First export as backup all of your sliders(they will be exported to .zip file)

2. Then uninstall and remove old revolution slider module from prestasho
